A white counter in the foreground holds a computer monitor displaying a landscape image, a mouse, and some brochures.

A vertical metal brochure rack filled with various brochures and pamphlets.

Four informational posters are displayed on the back wall. From left to right, they feature the following titles: 'i-Construction', 'GIS', '4D', and 'INS'. Each poster contains diagrams and text related to construction technology.

Surveying equipment, including a total station or similar instrument, is mounted on a black tripod on the right side of the booth.
